This authority is subject to the following provisions:

(1) The holder shall at all times conduct its operations in accordance with the regulations prescribed by the Department of Transportation for the services authorized by this certificate, and with such other reasonable terms, conditions, and limitations as the Department of Transportation may prescribe in the public interest.

(2) The holder's authority under this certificate is effective only to the extent that such operations are also authorized by the Federal Aviation Administration (FAA), and comply with all U.S. Government requirements concerning security.\*

(3) The authority contained in this certificate is effective only so long as the holder remains a wholly owned subsidiary of US Airways Group, Inc.

(4) The holder shall at all times remain a "Citizen of the United States" as required by 49 U.S.C. 40102(a)(15).

---

\* To assure compliance with all applicable U.S. Government requirements concerning security, the holder shall, before commencing any new service (including charter flights) to or from a foreign airport, contact its Principal Security Inspector (PSI) to advise the PSI of its plans and to find out whether the Transportation Security Administration has determined that security is adequate to allow such airport(s) to be served.

(10) In the event that the holder ceases all operations for which it was found "fit, willing and able," its authority under this certificate shall be suspended under the terms of 14 CFR 204.7 and the holder may neither recommence nor advertise such operations unless its fitness to do so has been redetermined by the Department.
